

Please note: Dyslexia Australia supports a non-phonetic/language based approach to dyslexia. Dyslexia Australia can help should you be seeking an alternative to phonics.

Should you prefer to continue with a phonics based approach a list of suppliers can be found on the links listed below.

Dyslexia Australia does **not endorse** the links below. The links are offered to guide parents seeking to continue in the phonics based approach to reading with their child. It is your responsibility to judge effectiveness and expected outcomes for yourself.
